1. *Staphylococcus aureus* (ATCC 12228) was grown in tryptic soy broth (TSB) (Difco) supplemented with 0.5% yeast extract (Difco) and 0.5% glucose (Difco) at 37°C. The cells were harvested by centrifugation at 5,000g for 10 min and washed with phosphate-buffered saline (PBS) (pH 7.4) containing 0.1% bovine serum albumin (BSA) (Boehringer-Mann). The cells were then resuspended in PBS containing 0.1% BSA and 0.1% EDTA (pH 7.4).

Figure 1 consists of a 4x4 grid of 16 small plots. Each plot is a 100m x 100m area with a grid of points. The plots are labeled with numbers 1 through 16. The taxa are represented by different symbols: circles, squares, triangles, and diamonds. The distribution of taxa varies across the plots, with some plots showing a high density of taxa and others showing a low density.

Gov't to auction off 8.8% stake in Subic shipyard

Business Group

Officials expect to generate P584.77M from block sale

By [Name] | [Date]

MANILA, Philippines — The government is planning to auction off an 8.8% stake in the Subic Bay Naval Shipyard, a move that could generate a significant amount of revenue for the state. The stake, which is currently held by the Department of Defense, is being offered to the highest bidder through a public bidding process. The shipyard, which is one of the largest in the Philippines, has a long history of providing maintenance and repair services for the navy. The auction is expected to take place in the near future, and the government is hopeful that it will attract a large number of interested parties. The proceeds from the sale are expected to be used for various government projects, including infrastructure development and social welfare programs.

Hyundai vehicle sales

Hyundai vehicle sales soared 82% in 2010

Business Group

MANILA, Philippines — Hyundai Motor Company has reported a significant increase in its vehicle sales in the Philippines for the year 2010. The company's sales grew by 82% compared to the previous year, a testament to its strong market presence and the popularity of its vehicles. Hyundai's success in the Philippines is attributed to its commitment to providing high-quality vehicles and excellent customer service. The company has a wide range of vehicles, including sedans, SUVs, and commercial vehicles, which are well-suited to the needs of the Philippine market. Hyundai's sales are expected to continue to grow in the coming years as the company expands its operations and introduces new models.

As rumors swirl, Telangana crown on next BSP chief

Business Group

MANILA, Philippines — The Bharatiya Janata Party (BJP) is currently in a state of flux as rumors swirl about the potential appointment of a new chief for the party in Telangana. The party's current leadership is facing challenges, and there is a growing demand for a fresh face to lead the party in the state. Several names are being mentioned as potential candidates, and the party's internal discussions are ongoing. The appointment of a new chief is expected to have a significant impact on the party's performance in the upcoming elections. The BJP is a major political force in India, and its success in Telangana would be a major boost for the party's national standing. The party's leadership is hopeful that they will soon reach a decision on the appointment of a new chief.

MANILA, Philippines — The Department of Education (DepEd) has announced that it will be implementing a new curriculum for the elementary schools in the Philippines. The new curriculum is designed to be more comprehensive and to provide students with a better understanding of the world around them. It includes a wider range of subjects, including science, social studies, and arts, and it emphasizes the importance of critical thinking and problem-solving skills. The new curriculum is expected to be implemented in the next school year, and it is hoped that it will improve the quality of education in the Philippines. The Department of Education is committed to providing the best possible education for all students, and the new curriculum is a key part of this commitment.

MANILA, Philippines — The Philippine government has announced that it will be implementing a new policy to encourage the use of renewable energy sources. The policy is designed to promote the development of solar, wind, and hydroelectric power, and it provides incentives for companies and individuals who invest in renewable energy. The government is hopeful that this policy will lead to a significant increase in the use of renewable energy, which will help to reduce the country's dependence on fossil fuels and to protect the environment. The policy is a key part of the government's commitment to sustainable development, and it is hoped that it will lead to a more sustainable future for the Philippines.

By 1990, the number of people in the United States with AIDS had increased to 100,000, and the number of deaths had reached 30,000. The disease was spreading rapidly, and the medical community was struggling to understand it. In 1981, the first cases of AIDS were reported in the United States. The disease was initially found in a group of young, healthy men who had been sexually active with other men. The Centers for Disease Control and Prevention (CDC) reported that the first cases of AIDS were found in 1981, and the disease was initially found in a group of young, healthy men who had been sexually active with other men. Director shares joy of working with Depp, Jolie

Director James Cameron has a special fondness for the two stars who have made his last two films, *Titanic* and *Avatar*, the most successful of his career. Cameron, 52, says he has a "special relationship" with the two stars, who have both won Academy Awards for their work on his films.

"I have a special relationship with these two stars," Cameron says. "I have a special relationship with these two stars. I have a special relationship with these two stars. I have a special relationship with these two stars."

Wynne's return

Wynne's return to the screen is a major event for fans of the actor. He has been away from the industry for several years, but is now back and ready to take on new challenges.
